

Introducing

Health Wallet

Never lose a script again

Manage all prescriptions in one secure app & set reminders when it's time to reorder

✓ **All your scripts in one place**

Securely upload eScripts and paper scripts to your Health Wallet so they're always ready when you need them.

✓ **Medication reminders**

Set reminders so you never miss a dose or forget to order a repeat.

✓ **Save time at the pharmacy**

Skip the search for a lost script and pull it up on your phone in seconds.

✓ **Easy tracking for you and those you look after**

Keep track of prescriptions for your kids or the people you care for, all in one app.

Get started in 3 easy steps

Open the HotDoc app and click on Wallet

Complete the steps to activate your account

Enter the URL or unique code to upload scripts & set reminders

Your script is now securely saved. Access it anytime, anywhere.

Download the HotDoc app today.
